

Imaging the Immune System IV (Express Edition II)

You're Invited!

[Click here to register](#)

November 16, 2021 | Tuesday
2.00pm to 6.40pm (SGT)

Topic:
Deconstruction and Reconstruction of the Germinal center: Perspectives from Imaging

*Prof. Hai Qi, PhD (Keynote)
Tsinghua University*

Topic:
B cell Immune Responses in Mucosal Tissues

*Prof. Ziv Shulman, PhD
Weizmann Institute*

Topic:
Imaging Toll-like Receptor Signalling in Macrophages

*Prof. Jennifer Stow, PhD
University of Queensland*

Topic:
Mechano-sensing by Pulmonary Neutrophils Orchestrates Host Defense Response

*Dr. Jing Wang, PhD
Shanghai Jiao Tong University*

Topic:
Multiplexed Immunofluorescence Profiling For Prostate Cancer Prognosis

*Dr. Weimiao Yu, PhD
Agency for Science,
Technology and Research*

Topic:
Fast Runners and Lazy Couch Potatoes: The Spectrum of Migrating Immune Cells

*Dr. Tim Lammerman, PhD
Max Planck Institute of Immunobiology and Epigenetics*

Topic:
Neural Control of Leukocyte Dynamics

*Prof. Scott Mueller, PhD
University of Melbourne*

Topic:
The Miltenyi MACSima™ Imaging Platform – A Complete Solution for Ultrahigh-content Imaging

*Dr. Yvonne Dürnberger
Team Lead & Global Product Manager
Miltenyi Biotec B.V. & Co. KG*

Organisers

Lai Guan Ng
Singapore Immunology Network, Singapore

Matteo Iannacone
San Raffaele Scientific Institute, Italy

Veronique Angeli
National University of Singapore

Navin Kumar Verma
Nanyang Technological University, Singapore
