

Transforming the Healthcare Simulation Spectrum: Now, Next and Beyond

19 - 21 October 2022

Academia, Singapore

PRE-CONFERENCE WORKSHOP

Turn Everyday Simulation Work Into Research

17 Oct 2022 (Mon) | 9.00 am – 4.00 pm | Academia, Level 1, L1-S3

ABOUT THE WORKSHOP

Simulation research helps us to appraise published studies on simulation methodology, learn and apply best practices to teaching, and advance the practice in the simulation community. This workshop will: 1) explore how to turn everyday simulation work into a research project, 2) share a roadmap for conducting simulation research, and 3) demonstrate the quantitative method, qualitative method as well as mixed methods in healthcare simulation. The target audience for this workshop is educators, administrators, technicians, and researchers involved in healthcare simulation.

FEES

S3 Conference Delegates:
SGD 321.00 (inclusive of GST)

Pre-Conference Only:
SGD 374.50 (inclusive of GST)

SPEAKERS

Dr Dong Chaoyan
Assistant Director
Education Office
Sengkang General Hospital

Ms Kirsty Freeman
Lead Education Associate
Office of Education
Duke NUS Medical School

Dr Vaikunthan Rajaratnam
Senior Consultant
Orthopaedic Surgery
Khoo Teck Phuat Hospital
