

About the course:

We are delighted to announce the 2nd SingHealth Immunopathology Workshop 2024, a 2-day workshop organised by SGH Division of Pathology and SingHealth Duke-NUS Pathology Academic Clinical Programme. The workshop will focus on the recent advances and best practices in immunopathology.

Course Directors:

Tony Lim (MBBS, FRCPath, FRCPA) - Chairman, SGH Division of Pathology and Academic Chair of SingHealth Duke-NUS Pathology Academic Clinical Programme

Joe Yeong (MBBS, PhD, FRCPath) - Principal Investigator, SGH Department of Anatomical Pathology and Institute of Molecular and Cell Biology (IMCB), A*STAR

Daniel Tan (MBBS, MRCP, BSc, FAMS, PhD) - Senior Consultant, NCCS Division of Medical Oncology and Head of Clinical Trials & Epidemiological Sciences, SingHealth Duke-NUS Oncology Academic Clinical Programme

Day One | Lectures

Monday, 16 Sep 2024
9.00 am – 5.00 pm

Day Two | Workshop

Tuesday, 17 Sep 2024
9.00 am – 5.00 pm

Invited Faculty (Updated)

Edwin Roger Parra Cuentas (MD, PhD)

Associate Professor and Director Multiplex Immunofluorescence and Image Analysis Laboratory
Department of Translational Molecular Pathology
The University of Texas

Mai Chan Lau (PhD)

Assistant Principal Investigator,
Bioinformatics Institute (BII) and Singapore Immunology Network (SIgN), A*STAR

Tak Mak (MD, PhD)

Professor and Senior Scientist,
Princess Margaret Cancer Centre, Toronto

Florent Ginhoux (PhD)

Principal Investigator,
Singapore Immunology Network (SIgN), A*STAR

Nicholas West (PhD)

Associate Professor, Griffith University

Oliver Braubach (PhD) (New)

Director of Research and Development,
Canopy Biosciences

Michele Teng (PhD) (New)

Visiting Scientist, SGH Department of Anatomical Pathology

Joe Yeong (MBBS, PhD, FRCPath)

Principal Investigator,
SGH Department of Anatomical Pathology and
Institute of Molecular and Cell Biology (IMCB), A*STAR

Highlights (Updated)

- Cancer Immunotherapy
 - Translational Biomarkers Guidelines
 - Targeting Myeloid Cells in the Tumor Microenvironment
 - Pathologist's Perspective: Challenges from Imaging to Clinical Impact
 - Spatial Tech Analysis
 - QuPath Software Hands-on Workshop (New)
 - Research Showcase and Poster Presentation
- Stand a chance to win SGD\$14k worth of service in spatial technology (New)*

Registration

Registration Fees (all fees shown are in SGD and include GST).
CME event accreditation will be applied for.

Category	Early Bird Registration (Before 1 July 2024)	(After 1 July 2024)
Pathologists / Specialists	\$400	\$500
Research Officers/ Fellows* / PhDs in training* / Specialists in training *	\$300	\$400

*A letter of authentication from training programme director / HOD is required.
