and Head,
Biomedical Engineering,
NUS

Presented By:

Artificial Intelligence (AI) has sparked tremendous interest in healthcare.

Co-organised by the SingHealth Duke-NUS Academic Medical Centre and SGInnovate, **the AI Journal Club** is an event series that brings together healthcare professionals, academic medical researchers, computer scientists, health regulatory authorities, and industry partners to discuss AI innovation, application, adoption and regulation within the healthcare setting over a fireside chat with key stakeholders.

This 2022, **[JOIN US](#)** for our first Journal Club of the year and hear more about AI governance and regulation, pearls and pitfalls to accelerate AI adoption within the **healthcare** setting.
