

SEMINAR

International Adaptive Platform Trials for Critical Care

Speaker: Prof Steve Webb

Professor, Critical Care Research, Monash University

**Director of Research, St John of God Healthcare
Chair, Australian Clinical Trials Alliance**

Host: A/Prof Yeo Tsin Wen

**Lead of Regional Networks Co-Operative,
PREPARE**

Speaker Bio

Prof Webb is an ICU specialist and past-Chair of the ANZICS Clinical Trials Group.

He has been an investigator on trials with an accumulated sample size of more than 60,000 patients, is a named investigator on more than \$145 M of competitive research funding and has published more than 200 manuscripts, including multiple manuscripts in NEJM (10) and JAMA (12), which have been cited more than 56,000 times. He has experience with Bayesian adaptive platform trials and other innovative designs such as cluster cross-over trials. He was the global leader of the REMAP-CAP platform trial that reported the treatment effect of multiple different interventions for patients with severe COVID-19 infection. Results from his trials have been incorporated rapidly into international guidelines and implemented into clinical practice saving many lives since 2016.

Talk Abstract

The emergence of COVID-19 created the need to learn as fast as possible about the effectiveness of different treatment options for a new disease. Adaptive platform trials, which allow multiple treatments to be evaluated simultaneously and for new treatments to be added quickly, proved useful for rapid generation of evidence during the pandemic. The design and results derived from one of these trials, REMAP-CAP, will be presented and discussed.

Who Should Attend

This event is open to all interested in learning about clinical research networks and platform trial set-up, especially in ICU and ID fields.

To Register

Kindly scan the QR code to register or RSVP to PREPARE@ncid.sg.

Join us in-person!

SEMINAR

International Adaptive Platform Trials for Critical Care

Seminar venue:

Level 7, Learning Room L7-003

Ng Teng Fong Centre for Healthcare
Innovation (CHI)

18 Jalan Tan Tock Seng

Singapore 308443

Map & Directions:

Please head towards Centre for Healthcare Innovation, Lift Lobby A and take the lifts to Level 7.

If you are driving to NCID, you may park at Basement 3 (public carpark) and take the lifts at Lobby A to Level 7.
