SINGHEALTH INTELLECTUAL PROPERTY (SHIP) START YOUR COMMERCIALISATION JOURNEY

WHAT WE DO

SingHealth Intellectual Property (SHIP) is the technology transfer office serving SingHealth. We work with our clinicians and researchers to move their inventions towards commercial opportunities in order to improve the lives of patients and deliver better healthcare.

TYPES OF SERVICES PROVIDED

- ✓ Invention assessment to determine patent ability and commercial potential
- ✓ Patent filing and maintenance
- ✓ Craft IP and commercial strategies for translational funding applications
- ✓ Identify industry partners and market technologies
- ✓ Negotiate licence agreements
- ✓ Post-deal management
- ✓ Support for SingHealth's IP-related issues

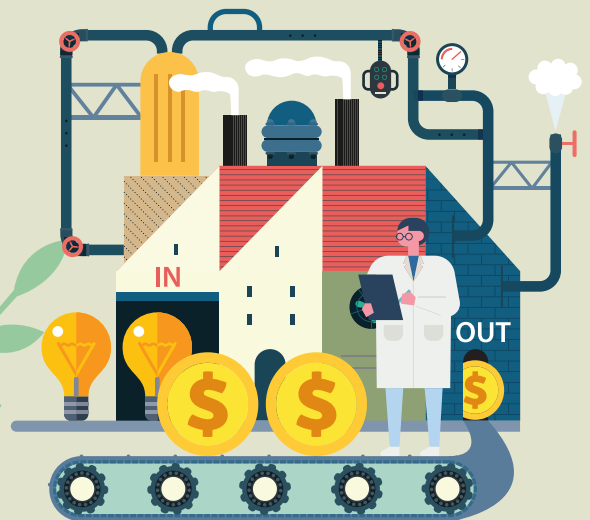

Make a positive impact on healthcare

Attract translational research funding

Achieve recognition and financial rewards (personal, institutional)

Meet the obligations of a research contract

Create educational and career opportunities for early stage researchers
