

*Health Innovations Webinar Series*

**Webinar 3**

## Applying research innovations in healthcare from the ASEAN region to test for, prevent, and treat COVID-19

**Date/Time:** 4 November 2020, 5pm-6pm SGT

**Register for webinar 3** [here](#)

**Synopsis:**

This webinar will discuss recent research innovations developed to diagnose, prevent and treat COVID-19. These innovations will include COVID-19 diagnostic test kits, candidate vaccine development and drug combination therapy run by Artificial Intelligence. The panelists will explore the applications and impact of these Singapore-based innovations to other countries in the ASEAN region.
